

GOMPERS NOT SURE OF RE-ELECTION

President of Labor Federation to Be Chosen To-Day—Fight Over Eight Vice Presidents.

MONTREAL, June 18.—President Samuel Gompers at noon to-day called a secret meeting of the Executive Council of the American Federation of Labor in annual convention here.

Gompers, it was learned, planned to lay before the council the question of whether he should run for re-election as President this afternoon. Members of the council were understood to be unanimous in the view that he should be a candidate.

Gompers has been head of the Federation for thirty-eight years. He was defeated for re-election in 1894, but went back to his original trade of cigar making, and in 1896 was again elected and has served continuously since.

A hot fight over election of vice presidents was this morning forecast as a result of a roll call in which the convention reversed its action late yesterday under which the Executive Council was to have been increased to 15. Under to-day's vote the size of the Executive Council will remain at eleven, with only eight vice presidents.

ASKS \$14,734,000 CAR BOND ISSUE

Will Be Used to Improve City Owned Lines of Interborough and B. R. T.

Application for the issuance of \$14,734,000 of Rapid Transit bonds was made to the Board of Estimate to-day by Transit Commissioner Delaney for improvement of the city owned transit lines operated by the Interborough and the B. R. T.

For carrying out the city's contract with the Interborough Commissioner Delaney asks for a city bond issue of \$7,367,000 under the terms of Contract No. 3 and of \$475,000 for additional work under the original subway contract. With the latter sum he intends to construct an additional elevator shaft at the 168th Street station. There is also an item of \$2,200,000 for the extension of the Queensborough tunnel to 41st Street and Seventh Avenue. Others are for carrying out former contract for 14th Street subway between Irving Place and Avenue B, \$2,100,000, and \$2,150,000 for extension of 14th Street eastern line from Bushwick Avenue to East New York. The applications were referred to the Finance and Budget Committee.

HOW TO BORROW MONEY.

Banker Tells Credit Men What the Requirements Are.

W. Y. Conrad, vice-president of the Liberty National Bank of New York, told the delegates to the National Electrical Credit Association to-day that the four chief ingredients of character are

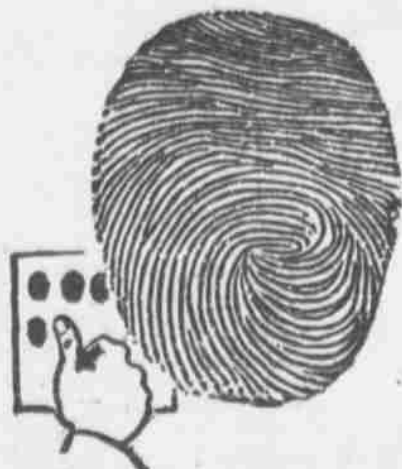

health, or ability to work; industry, or willingness to work; persistency, or continuity of work, and reliability. His

also said if the borrower is known to lead a rapid life, this must be considered seriously by the lender.

The sessions of the twenty-first annual convention are being held at the Hotel Commodore.

Genuine Aspirin

Bayer introduced Aspirin to physicians 19 years ago—Always say "Bayer"

The "Bayer Cross" is the thumb-print of genuine "Bayer Tablets of Aspirin." It protects you against imitations and positively identifies the genuine, world-famous Aspirin pre-

scribed by physicians for over nineteen years. Insist on an unbroken package of genuine "Bayer Tablets of Aspirin" which contains proper directions.

Bayer-Tablets of Aspirin

Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark of Bayer Manufacture of Monocetoneacidester of Salicylicacid.

To Remove First Signs of Old Age

"The infallible first sign of age is the sagging cheek muscles," says Mme. Guvalleri, whose fame as a beauty culturist is scarcely less than that of a songstress. "These are more difficult and serious to treat than wrinkles," she continues. "The sagging muscles indicate they have grown too weak to remain in place; they must be assisted, strengthened." The best way to strengthen them is by bathing the face in a simple lotion made by dissolving an ounce of pure powdered sassafras in a half pint of witch hazel. This creates a freer circulation to the parts, besides causing muscles and skin to contract. Sassafras, procurable at every drug store, has long been known by complexion specialists to possess remarkable tonic and astringent properties, valuable in treating flabby tissue and wrinkles.—Advt.
